SHARE OUR STRENGTH ANNUAL REPORT

2014-2015
WE’RE FEEDING THE FUTURE

When kids don’t have food, they can’t focus on following their dreams. That means they can’t grow up to be the artists, scientists and innovators we need to lead and inspire future generations. So we’ve set one bold but achievable goal, to end childhood hunger in this country, and ensure bright futures for every child. Within this report you’ll see the tremendous advances we’ve made in all 50 states. With your support we’re feeding the future.

WATCH NOW ▸
A special thank you to the No Kid Hungry Core Partners. Their deep commitment to our shared mission of ending childhood hunger helps us reach millions of children in America with the food they need.
A NOTE TO OUR READERS

In 2014, we transitioned to a new fiscal year. To facilitate this shift, the first 6 months of the 2014 calendar year were considered a shortened fiscal year. This annual report tells of our achievements and financial activities for both the shortened year from January 2014—June 2014 and fiscal year July 2014—June 2015.

It’s been a busy year and a half and we’re very excited to show you just what your support has done to end childhood hunger in this country.
345 MILLION SMILES

Since the campaign’s launch, No Kid Hungry and our partners have connected kids struggling with hunger with more than 345 million meals.

Behind this number are hundreds of thousands of children that can now count on nutritious food for their entire childhoods. The number shows the power of the No Kid Hungry model at work. We do not provide one-off meals; rather, we connect kids to sustainable sources of food so they have the healthy food they need to grow up and follow their dreams.

WATCH NOW
EVERY DAY SHOULD BE TEST DAY

If you have kids, you’re used to letters sent home from school reminding you to make sure your child has breakfast before big tests. Schools send these letters because they know that a hungry child can’t be their best without a healthy start to their day.

We believe every day should be treated like test day. That’s why we’ve made it a priority to ensure every child in need has access to breakfast by helping schools make breakfast a part of the school day.
“The hardest part of being a teacher? Watching my students fail. Knowing that they didn’t have what they needed to succeed.”

-AUDREY HARRIS, elementary school teacher
NO KID HUNGRY STARTS WITH BREAKFAST

22 MILLION
kids rely on free or reduced price lunches at school.

A special thanks to our school breakfast sponsors:
NO KID HUNGRY STARTS WITH BREAKFAST

BUT ONLY 12 MILLION
of those kids are eating school breakfast.

We’re changing that.

A special thanks to our school breakfast sponsors:
NO KID HUNGRY STARTS WITH BREAKFAST

As a result of our work, we made major progress across the country. A few of our wins:

339,000 elementary students in over 500 New York City schools can eat breakfast as part of the school day thanks to the work of Team No Kid Hungry.

10,000 kids reached in Maryland through our school breakfast challenge. The challenge rewarded schools that make breakfast a part of the school day with technical and financial support from No Kid Hungry.

4,000 more kids in Arkansas eating school breakfast thanks to grants from No Kid Hungry that increase the capacity of the schools to staff and equip breakfast programs.

163 schools in Michigan made breakfast a part of the school day with our help.

314 of 320 schools targeted by Team No Kid Hungry in Texas chose to implement universal free breakfast.
“You know when a kid hasn’t eaten in a long time, just by the way they sit down and eat that food as soon as they get it. You say to yourself, that’s their only meal that day, and it’s all worthwhile.”

-BILL, Summer Meals Mobile Truck Driver
SUMMER IS THE HUNGRIEST TIME OF THE YEAR

5 OUT OF 6 ELIGIBLE KIDS ARE MISSING OUT ON FREE SUMMER MEALS.

What’s at stake? Research shows that during the summer months children from low-income families in America are more at risk for:

- Increased rates of food insecurity
- Increased health problems
- Increased rates of behavioral problems
- Summer learning loss. Many students struggling with hunger return to school in the fall a full two months academically behind their peers.
NO KID HUNGRY IS ENDING SUMMER HUNGER

At Share Our Strength, we’re focused on maximizing every donation to help the most kids possible. In fiscal year 2015, Share Our Strength had total revenues of $48.44 million and total operating expenses of $42.6 million (excluding in-kind and the New York City Wine & Food Festival) in pursuit of ending childhood hunger in America.

Approximately 69% — $29.24 million — of these expenses were invested in the No Kid Hungry programming to feed kids where they live, learn and play. Our successes in ending childhood hunger nationwide are made possible thanks to generous investments in fundraising, which make up 23% of our expenses. In order to end childhood hunger in this country, solutions need to be scaled quickly, and our spending on fundraising reflects the urgent need to expand our work to reach as many kids as quickly as possible. The remaining 8% of overhead expenses cover costs such as general and financial management, human resources and technology.
